METRO COUNCIL OFFICE RELEASES NEW DISTRICT DATA DASHBOARD

Contact Name: Margaret O. Darby
Margaret.Darby@nashville.gov

FOR IMMEDIATE RELEASE
Date: May 26, 2023

In partnership with Metro's ITS and Planning departments, the Metropolitan Council Office has released a new, interactive District Data Dashboard tool on the Council Office website to make a vast amount of data available to the public.

The District Data Dashboard contains a wealth of 2020 Census-based information for Nashville and Davidson County under broad topics such as Population, Housing, Education, Employment, and Transportation. Council District lines and information are based on the 35 districts created by the [2021 redistricting process](#) approved by Metro Council through BL2021-1052 on January 18, 2022.

For the first time the public will have access to important city-wide information all in one convenient space. The District Data Dashboard can be found on the [Metropolitan Council Office Homepage](#) and is also available using the following direct link: <https://experience.arcgis.com/experience/26905f405562442db0cc658dd25a1372>.
